

6 Month Cross Platform C# Developer Internship (MYSCP2103)

PLEASE READ CAREFULLY BEFORE CONTINUING.

ESPA or European Student Placement Agency is a recruitment agency whose goal is to find high quality internships for European students and recent graduates in the UK. We work closely with our host companies to ensure the positions provide the candidates with a great experience, both professional and personal.

REQUIREMENTS: ESPA vacancies are open to all EU passport holders able to travel to the UK for an educational work placement, without the need for visa documents. You have to still be a student or have graduated in the last 12 months. Any student who is unsure of their visa situation should check with their university before applying.

BENEFITS: All ESPA's services are **free** for students and alumni. The benefits are:

- 1) Paid Accommodation.
- 2) Paid Utility Bills (electricity, gas, water and council tax) + Internet Access
- 3) Commuter travel to work (accommodation will be found within an acceptable commuting distance from the workplace, if that requires more than a sensible walk then a bus/train ticket will be provided).

This will be sourced and managed on your behalf by ESPA. **These benefits have an approximate value of 700€-1000€ per month (depending on location).**

There is no salary over and above the benefits offered, unless specifically stated.

The Host Company

The host company is a **fast growing ed-tech start-up** and the **developer of a cross-platform planner app** for anyone in education with **over 1.5 million registered users worldwide**. Primarily aimed at students and designed to replace the traditional paper planner supplied by schools, it allows users to organise their classes, tasks and exams in a simple and easy to use way.

The company was founded in 2014, but the history of the product dates back to 2011 when it was created by the company's founder out of frustration with paper planners and the ease of use of the numerous intranet sites used by his sixth form.

Role

The host company is looking for an **ambitious C# developer** to join their fast growing ed-tech start-up based in Aldershot, Hampshire. You will **work on their platform and apps** to add new features and functionality for over 1.5 million users around the world – and growing.

Duration

6 months

Location

Aldershot is a town in the English county of Hampshire, located on heathland about 60km southwest of London. The town has a population of 36,321, while the Aldershot Urban Area, a loose conurbation (which also includes other towns such as Camberley, Farnborough, and Farnham) has a population of 243,344, making it the thirtieth-largest urban area in the UK

Languages

English should be B2/C1 at least

Start date

As soon as possible

Tasks

The successful candidate will **work as part of the existing research and development team**.

Tasks will include, but not be limited to:

- Working as part of a team to **build software applications** from initial specification to final deployment and acceptance.
- **Rapid prototyping** of new ideas.
- Functional, performance and stress **testing** of the product.
- Automating tests using testing tools and scripts.
- Manual testing of the product.

Personal Skills

Essential:

- A **passion for technology**, an eye for detail and be eager to learn
- Knowledge of the following Technology Stack:
 - Backend – built for the cloud (Microsoft Azure), C#, ASP.NET MVC, Entity Framework, SQL
 - Mobile – C#, Xamarin on iOS/Android, MvvmCross
 - Web – HTML5, CSS3, Less, JavaScript, AngularJS
- Strong written communication and organization skills and be highly self-motivated.

Desirable:

- Prior professional experience desirable but not necessary.
- A strong grasp of object orientated design and experience of working in a source controlled environment is a plus.
- Experience of test-driven development would be advantageous.

How to apply

STEP 1) Please, register with us at <http://www.espauk.com/students/register-with-us>

STEP 2) Please, send an email to apply@espauk.com with the reference code **MYSCP2103** attaching your CV as a pdf file. A cover letter is always helpful.
