The Bosch career event in Hildesheim (Germany), August 12 and 13, 2016

Corporate success at Bosch is determined by innovation capability and an edge in knowhow. Accept with us the challenge of new tasks by your willingness to permanently learn something new. Robert Bosch Car Multimedia GmbH is a globally operating division of the Bosch Group. We develop smart customer-oriented solutions for integrated entertainment, navigation, telematics and driver assistance functions in the Original Equipment business. In this context, we use our specific system integration skills to further expand our leadership position in this area.

Think fast, think global!

On **August 12 and 13, 2016**, the Hildesheim location invites you to gain an insight into which career possibilities you have at Bosch in Germany as an IT specialist or an engineer.

We are looking to fill the following positions (among others):

- ▶ **Hardware Developer (f/m)**
- ▶ **Software Developer (f/m)**
- ▶ **Software Developer Security (f/m)**
- ▶ **Software Architect (f/m)**
- ▶ **Software Project Manager (f/m)**
- ▶ **Technical Expert (f/m)**

We are also looking to fill many other positions in areas including software/hardware development, software/hardware architecture, project management, IT security, construction, product management, and quality management.

Make it happen. Apply now.

Start your IT Career@Bosch Car Multimedia!

If you are interested in one of these positions, please apply through the online application until **July 10, 2016** at www.access.de/bosch-cm.
