# Junior Software Developer (.Net/C#)

Capgemini is one of the world's foremost providers of consulting, technology and outsourcing services.

**Cloud Infrastructure Services** is one of the biggest outsourcing service providers in Poland. Since the establishment of our first service center in Krakow in 2004, it has achieved great success and grown rapidly. In 2006, we opened a second center in Katowice and in 2012 a third center in Opole. Today, our team of 2,000 professionals delivers IT outsourcing services to 40 clients in 20 languages.

## Main accountabilities

Employee will be involved in all aspects of software development lifecycle (requirements analysis, design, implementation, quality assurance, release management, early lifetime support) and will be working closely to the customers.

## Your team

You'll be working in the Application Delivery team based in Kraków/ Katowice. We are the experienced team responsible for end to end enterprise application development process using various technologies (including but not limited to: .NET 4.6, .NET Core/C#, Javascript, HTML 5, WPF). We are highly independent, capable in Agile Process and Lean Software Engineering practices.
